

*CAMPINawe*®

## ANY ADVENTURE, ONE CAMPER

Embrace a higher level of camping with all the versatility, comfort, and ease of use you only dreamed of—until now.

Designed to last a lifetime.  
Your journey starts here.

*Experience the Unexpected*

Campinawe comes fully equipped to hit the road with every amenity you need and room for anything you want. Expect more and focus on your next destination.

*Enjoy the journey, prepare for adventure*

**Built to Go Anywhere**

The exterior panels used in Campinawe's body are rated to outperform the human body with an effective temperature rating of -40 to 240 degrees.

steel wheels with all-terrain tires and mounted matching spare underneath

steel structural fenders

steel chassis with heavy duty tongue jack

steel floor and bed-surround

torsion axle with independent suspension and 18 inches of ground clearance

dual rear corner stabilizer jacks

Campinawe's proprietary composite body reduces weight and sits on top of our industry leading heavy duty powder coated steel chassis – all while staying under 2,000 lbs.

***Made for the road less traveled***

## *Camping at its Finest*

Enjoy unsurpassed comfort with a real queen size gel-infused memory foam mattress and space for at least two people to relax. Couple that with 10X more storage than Campinawe's competitors, and you can bring all the comforts of home to the great outdoors.

*No matter how lost you get,  
never compromise on a  
good night's sleep*

*The Outdoors Made Easy*

With more than a century's worth of innovation, experience, and dedication backing up each camper you can rest assured that no matter how you may camp, your Campinawe will be with you every step of the way.

Overall dimensions:	14'10" (L) x 7' (W) x 6'11" (H)
Interior dimensions:	11' (L) x 5'1" (W) x 4'7" (H)
Capacity:	2+ Adults
Dry weight:	1,910 lbs.
GVWR:	3,500 lbs. (w/ brakes)
GAWR:	3,500 lbs.
Cargo Capacity:	1,590 lbs.
Ground Clearance:	18"

To simplify your experience, Campinawe maintenance is as easy as charging the battery and routinely checking your caulk seams, hubs, and bearings.

Its 1910 lbs dry weight, extendable tongue, and adjustable height hitch means towing is always under your control. With a height that can fit in a standard single car garage, we take the hassle out of ownership.

***Don't let your camper own you, own your camping experience***

## *Intuitive Design and Construction*

Every Campinawe is built with state of the art construction, superior materials, and top of the line amenities. Campinawe is assembled like a 3D-puzzle where all panels are interlocking to provide structural support and stability while dispersing shock throughout.

*And...never leave  
anyone behind*

Our commitment to building safe, reliable and trustworthy products is ensured through the National Association of Trailer Manufacturers' (NATM) compliance verification program (CVP). Each Campinawe comes with an NATM decal located on the front stating it is certified and in compliance with all federal guidelines and regulations.

For more information on the CVP program, visit [NATM.com](http://NATM.com).

We only use wood sourced from 100% sustainably harvested sources and non-gassing adhesives to reduce our carbon footprint as much as possible. Beyond this, Campinawe is built to last a lifetime while leaving no trace when your journey is over.

When you invest in a camping vehicle, you're making a long-term commitment. What sets Campinawe apart is that it's crafted from over a century of expertise, designed to stand the test of time, and ready to hit the campsite the very next day. Explore the Campinawe difference and embrace the future with the world's best crossover camper.
